Portfolio: http://sylvain75.github.io/
Full Australian working right

SKILLS

HTML / CSS

React.js

JavaScript / ES6

Redux

Backbone.js

Communication / Team Work

ABOUT ME

I am seeking a challenging role as a junior Web developer working in a team environment, where I can apply and further develop my programming skills.

I have always been interested in web-technology and I am passionate about creating a rewarding career doing what I love.

 I am a problem solver by nature and use logic to break down the issue at hand to find the solution.

I am a team player, able to adapt quickly and easily in any situation whilst maintaining a calm and friendly disposition - this is evident in my past career.

EDUCATION

GENERAL ASSEMBLY (2015-2016)

Web Development Immersive course:
full-time, intensive 3 month course that teaches students front-end and back-end web development fundamentals.
Through this course I have been working on projects such as:

- Twitter app: Built with Ruby on Rails
  https://radiant-hamlet-5051.herokuapp.com/

- Flatmate Task manager: Built with Backbone.js & Ruby on Rails
  https://chore-app.herokuapp.com/

- Online shop: Built with Backbone.js/ Ruby on Rails/ Stipe API
  https://online-it-store.herokuapp.com/

TAFE (2014-2015)

Certificate 3 Digital Media & Web Technology
